Hon. Commissioner for Patents

**PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT ABANDONED
UNAVOIDABLY UNDER 37 CFR § 1.137(a)**

Sir:

The facts leading to this petition are as follows:

Counsel had received a *Notice of Abandonment*, dated July 11, 2003, in the above-identified application, which stated therein that applicants failed to timely file new formal drawings as required in the *Notice of Allowability*, dated August 21, 2002. Responsive to the *Notice of Abandonment*, counsel submitted a *Request for Rescission of Abandonment*, dated July 23, 2003, in which counsel disputed the basis of the abandonment and requested a rescission thereof (copy enclosed). We herewith enclose a copy of the corresponding postcard receipt, which contains the Patent & Trademark Office stamp, dated July 28, 2003.

In light of the fact that we did not receive a response to our submission, we filed status letters, dated August 11, 2005 and October 4, 2005, to no avail.

Pursuant to our telephone conversation of December 4, 2006 with a representative of the Office of Patent Publications, counsel was advised that the instant application was deemed abandoned due to a failure to respond to the *Notice Regarding Drawings*, dated March 26, 2003. The undersigned was unaware of this notice and the corresponding deadline, and therefore requested to receive a copy of the document (copy enclosed).

Enclosed herewith, in accordance with Rule 137(a) is:

- a copy of counsel's docket book of May 26, 2003, the date on which the response would have been due, had the *Notice Regarding Drawings* indeed been received
- a copy of the file jacket of this application in which the receipt of the *Notice Regarding Drawings* and the due date for response would normally have been entered
- a declaration by counsel's staff supervisor corroborating the averment that the *Notice Regarding Drawings* was never received
- a response to the *Notice Regarding Drawings* dated March 23, 2006.

Applicants state that the entire delay in filing the required reply from the due date for the reply until the filing of this grantable petition pursuant to 37 CFR 1.137 was unavoidable.

Applicants request that the application be reinstated under 37 CFR § 1.137(a). The petition fee in the amount of \$500.00 in accordance with Section 1.17(I) is enclosed herewith. Please charge any other fees, which might be due with respect to Sections 1.16 and 1.17 to the Deposit Account of Lerner Greenberg Stermer LLP, No. 12-1099.

Respectfully submitted,

Declaration

I, Birgit Bartell, hereby state that:

- I am the Staff Supervisor at Lerner Greenberg Stermer LLP and I am in charge of receiving and supervising docketing operations such as Patent Office mail, logging same in counsel's docketing system, and keeping all related file and mail logs;
- had a *Notice Regarding Drawings*, dated March 26, 2003 been received in the above-identified application, it would have been entered in the docket book for May 26, 2003 and on the file jacket;
- a thorough review of counsel's office records reveals that neither the docket book nor the file jacket contain a corresponding entry which allows me to state with certainty that no *Notice Regarding Drawings*, dated March 26, 2003, was received in the above-identified application.

I have personally reviewed the file jacket, the pertinent pages of the docket book and the computer records pertaining to the above-identified application. There is no entry to be found which would indicate that a *Notice Regarding Drawings* was ever received on or after March 26, 2003. A corresponding entry would appear in the docket book for May 26, 2003 and on the file jacket. Lerner Greenberg Stermer LLP has very stringent procedures, which assure that such entries are diligently and responsibly made and the firm's entire docket system is carefully crafted with checks and balances to assure that omissions of this type cannot occur.

I have concluded from my review that no *Notice Regarding Drawings* was received from the USPTO with a mail date of March 26, 2003.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

REQUEST FOR RESCISSION OF ABANDONMENT

Hon. Commissioner Patents,
Alexandria, VA 22313-1450

Sir:

Counsel has received a *Notice of Abandonment* dated July 11, 2003, in the above-identified application. A copy of the *Notice of Abandonment* is enclosed herewith. It is stated therein that applicants failed to file formal drawings as required in the *Notice of Allowability* dated August 21, 2002.

Applicants herewith submit a copy of the *Notice of Allowance* including the *Notice of Allowability*. Item 2 of the *Notice of Allowability* reads: "The drawings filed on 10/10/00; 7/29/02 are accepted by the Examiner". Furthermore, **no box** under item 8 "Corrected Drawings" has been checked outlining a requirement for new formal drawings.

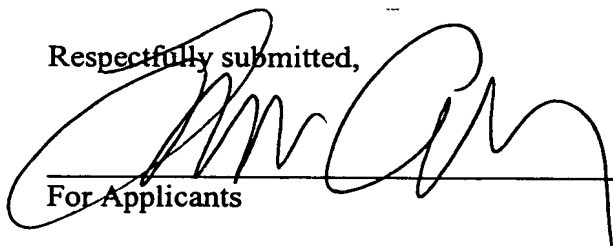

Applicants also point to item 1 of the *Notice of Allowability* which reads as follows: "This communication is responsive to the amendment filed 7/29/02". A *Request to Approve Drawing Changes* was simultaneously submitted with that amendment including an informal drawing of Figs. 1 and 2 and a formal drawing thereof. As stated above, these drawings were

accepted by the Examiner. Therefore, there are no outstanding requirements to be met by applicants in this application.

In view of the foregoing, applicants request that the *Notice of Abandonment* be rescinded and that the application be restored to pending status. The issue fee was timely paid on November 21, 2002. Applicants await the receipt of the issued patent.

Please charge any fees which might be due with respect to Sections 1.16 and 1.17 to the Deposit Account of Lerner and Greenberg, P.A., No. 12-1099.

Respectfully submitted,

Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.
